Learning will continue at the Bayless School District, despite buildings to remain closed through the end of the Spring Semester

Bayless School District announced today that its buildings will remain closed through the end of this Spring Semester, although instruction, learning and support services will continue through Thursday, May 21. This decision was difficult, but it is imperative that Bayless School District take bold measures to further mitigate the spread of COVID-19 and help save lives in our community.

Bayless will continue to follow guidance from local health and government officials, and make decisions on end-of-year events, in the best interest of the health and safety of our students, staff, and community. While Bayless school buildings will remain closed, our commitment to continue providing support for our students, staff, families, and community is unwavering.

As this Spring Semester continues, school principals and teachers will provide updates to their respective school communities regarding upcoming events such as summer school, summer extracurricular practices/events and the upcoming Fall Semester calendars.

Bayless School District joined the school districts/entities listed below in this Spring Semester's extended school building closure.
