

Follow the green arrows around to the cafeteria and wait for staff to direct you to let out your student. All car riders K-5 will be picked up in the parking lot behind by the playground. Wait for staff to direct you to a lane. Fill the far right lanes first and pull as far front as possible. Once the lot is full and children are ready, staff will begin calling students by lanes. Students will be escorted to the car and not allowed to cross lanes. Once all children from the lane are in the cars, a staff member will dismiss your lane. You may exit by going left back to Weber Road or right onto Hildesheim. Keeping your name sign in your window will help make the process go faster. Safety is a priority so please be patient with this process. Do not park and walk from side streets. This is a safety hazard for both you and our students.

THE FIRST WEEK ONLY: We will invite you to get out of your car for pick up, take your number, and go and pick up your child. Our hope is that this will help our students learn the procedure and also be faster for parents until everyone is accustomed to the process.
